Our CSA is designed with the intention of providing participants with a good measure of farm-fresh, high quality produce each week. The weekly share for CSA will be pre-determined by Miller Plant Farm but will be diversified week to week to encourage participants to sample a wide range of our fresh produce. The variables will be largely due to supplies, often influenced by the weather. Our goal is to keep the produce offering continuously changing and encouraging participants to consume and enjoy fresh produce **from our farm to your family.**

Add-On Options

These options are an add-on to the produce CSA. You must purchase a share in the produce CSA in order to purchase any of the add-ons.

Fresh Dessert Add-On

The share will change weekly, but the satisfaction will not. Fresh baked pies (with fruit from the season when possible), cakes, cookies, brownies, coffee cakes, sugar cakes, etc., all prepared in our own bakery. Great sweets to compliment the delicious produce offerings from Miller Plant Farm.
